Location: Islamabad, Pakistan

Portfolio: syedmahmed777.github.io/muhammad_ahmed_portfolio/#/

Professional Summary

UI/UX and Product Designer with 3+ years of experience delivering user-centered design solutions across web and mobile products. Proficient in end-to-end product design from user research, wireframing, and information architecture through prototyping and high-fidelity UI design using Figma. Experienced in leveraging AI-assisted design tools to accelerate workflows. Proven ability to build scalable design systems, conduct usability testing, and collaborate cross-functionally with product managers and engineers in Agile/Scrum environments to ship accessible, WCAG compliant, conversion-optimized digital experiences.

Work Experience

SOFTZen Systems / UI/UX Designer

NOVEMBER 2024 - PRESENT , ISLAMABAD (REMOTE)

- Designed web and mobile experiences, from user flows and wireframes to prototypes and high fidelity UI, while maintaining usability and visual consistency.
- Created reusable Figma components and design patterns while collaborating with developers and project manager to ensure smooth design to development handoff.

O3 Interfaces / UI/UX Designer

MAY 2024 - SEPTEMBER 2024 , ISLAMABAD (ONSITE)

- Led the end-to-end design of a responsive design system and visual design language for UBL (United Bank Limited), ensuring brand consistency across all digital touchpoints.
- Built one-click responsive web page layouts in Figma using component variables and design tokens, accelerating developer handoff and reducing QA cycles.

InterfaceX / UI/UX Designer

OCTOBER 2023 - APRIL 2024 , ISLAMABAD (ONSITE)

- Delivered user-centered UI/UX design for 30+ client products across SaaS, e-commerce, and mobile app verticals, boosting client satisfaction and brand engagement.
- Managed the full product design lifecycle stakeholder discovery, information architecture, interaction design, wireframing, prototyping, and high-fidelity mockups for diverse business requirements.
- Consistently met project deadlines while exceeding client expectations on design quality and usability standards.

Funsol Technologies / UI/UX Designer

MAY 2023 - SEPTEMBER 2023 , ISLAMABAD (ONSITE)

- Contributed to the UX design of 5 mobile applications, owning user flows, interaction patterns, and polished UI elements from concept to final assets.
- Conducted user interviews, usability testing, and A/B testing to validate design decisions and optimise user satisfaction metrics.

Skills

Design: UX Strategy, Information Architecture, User Flows, Wireframing, Prototyping, High-Fidelity Mockups, Interaction Design, Experience Mapping, Usability Testing, Accessibility (WCAG).

Research: User Interviews, Persona Development, Competitor Analysis, A/B Testing, Card Sorting, Surveys.

Design Tools: Figma (Auto Layouts, Variables), Sketch, Adobe Illustrator, Adobe Photoshop.

Process: Design Systems, Design Tokens, Component Libraries, Cross-functional Collaboration, Developer Handoff.

Ai Tools: Figma AI, Midjourney, ChatGPT, Claude Design.

Development: Flutter, Dart, HTML, CSS, JavaScript.

Education & Certifications

PMAS ARID Agriculture University. / BSCS

FEB 2019 - FEB 2023
